Subject: RE: FORCE Feedback on Dates for the Next St Marys Transportation Study Meeting

We have received a tremendous amount of feedback and will certainly take it all into account in preparation for the next 3 PIC's. I am not at liberty to commit at this time to dates or locations as I am not sure they have been set. I will try to contact both Councilor McCarthy and Graham Flint when the date has been set and prior to media notification, as done in the past.
