

St Marys Flamborough Quarry

Please join us at a Public Information Centre

Thursday, June 21, 2007
5:00 p.m. - 8:00 p.m.

680 Plains Road West, Burlington, Ontario
Royal Botanical Gardens
The Auditorium

In accordance with the terms of reference established by the City of Hamilton's Combined Agency Review Team (CART), St Marys will hold a Public Information Centre at the Royal Botanical Gardens to introduce the Haul Route Evaluation Study for the proposed Flamborough Quarry.

This is the first of four public sessions. The purpose of this initial session is to identify how the public would like to be involved, and to identify initial public concerns and issues with the Haul Route Study.

While the purpose of the Public Information Centre is to update on the Haul Route Evaluation Study, St Marys is committed to keeping the community informed about developments at the proposed site. As such, St Marys representatives and their consultants will also be on hand to answer questions about other aspects of the project and provide updates on the status of the application.

For more information about the Public Information Centre or the quarry project, please get in touch with us:
